10U Individual Player Records

In November of 2017 it became obvious that a new and separate KVHA Record Book needed to be established to acknowledge the excellent skills and performance of our 10U players apart from players in the higher age levels, 12U and above. As 10U teams moved to half-ice play for the 2017/2018 season we began to see higher game scores. As predicted by USA Hockey in their ADM program, half-ice play would result in more touches for the players, faster play and more scoring opportunities. Additionally, 10U games were being played in two periods, or halves, rather than the traditional three periods, upon which our current KVHA Record Book is based. That said, here's the first edition of the 10U Individual Player Records. Enjoy!
