

## ***KVHA News – Town Hall Meeting Poorly Attended But Didn’t Lack Enthusiasm***

**Kent Valley Ice Centre, Kent, WA. October 23, 2014** – A small core group of enthusiastic and concerned KVHA members attended the first ever KVHA Town Hall Meeting on October 16th. Almost every age division was represented among the attendees. Lew Sellers, KVHA President, provided the group with a status report on KVHA including current enrollment, marketing and promotion activities, information on equipment and jersey purchases, and a financial report for 2013/2014. Les Grauer, KVHA Vice President and Executive Director and KVIC’s Director of Operations, provided an optimistic overview of the Kent Valley Ice Centre. Grauer also discussed ice fee rates and comparisons with other local associations.

Seventeen of the twenty-four attendees volunteered to serve on one of three advisory councils created by Sellers. The three councils proposed by Sellers were; 1.) Finance Advisory Council, 2.) Program Advisory Council, and 3.) Teams Advisory Council. Sellers also requested volunteers to serve on the Annual Fundraising Auction Committee.

When asked by Sellers if another KVHA Town Hall meeting should be scheduled, the attendees responded with an enthusiastic, YES! Sellers will set a date for the next KVHA Town Hall Meeting, as well as the Advisory Council meetings. In the mean time, members can [Click Here](#) to review the handout from the October 16th meeting. ## ***PeeWee Tornados Shutout Seattle Jr. Badgers 8 to 0***

*Story contributed by Ellen Shelden*

**Kent Valley Ice Centre, Kent, WA. October 18, 2014** – On Saturday, the KVHA PeeWee Tornados hosted the Seattle Junior Badgers at Kent Valley Ice Centre and simply overpowered the Badgers, winning their third regular-season game at home by an impressive score of 8-0. As their moniker represents, the KVHA Tornados churned a chaotic storm with forceful winds ... agitating their opponents at every turn! While typically our first game of the season is chock-full of a whole bunch of "firsts", this one also made it into the record books with some outstanding notable "firsts" as well:

- 2nd-year PeeWee Michael Geddes scored his first hat trick ever and the first PeeWee goal of the game!
- 2nd-year PeeWee Steven Rosenquist had his first hat trick of the season!
- 1st year PeeWee C.J. Hundal had his first shut-out of the season!

Way to go, boys! It was these exceptional plays and the fury of their relentless attacks that lead the team to a thrilling victory of 8 to 0 – their first shutout for the NPSHL season!

**Period 1** - Just like the momentum of an F5 tornado, our Tornados didn't waste any time to evoke mass destruction on their opponent and defend their home ice as the game got off to a dream start for the Tornados. As the period began, the Tornados took full advantage of home ice and didn't waste any time to take the lead by scoring first on an unassisted goal from Michael Geddes. Nice shot, Mike! The intense battle for possession continued well into the period with both teams fighting hard for the puck. Midway through the period, the

Tornadoes took advantage of a power-play opportunity and extended their lead on another unassisted goal from Michael Geddes. Way to get the momentum going, Mike! The Tornadoes' strong defensive skills were put to the test as their goals would be the only ones scored in the period. Thus, frustrating the Badgers at every play and preventing them from even scoring to hold this lead to end the first. Great team work boys!

**Period 2** - The impassioned battle for the puck began right as the whistle blew and the first puck was dropped. It was apparent that frustrations affecting the Badgers in the first period had continued to plague them in the second as they once again had a difficult time fighting for possession of the puck and the Tornadoes took advantage. Consequently, the Tornadoes were first to find the net and put a score on the board – this time with 2 consecutive, quick goals by Steven Rosenquist (the first, with an assist by Michael Geddes; the second, with an assist by Jake Ferguson). And the hits just kept on coming.....when Steven Rosenquist would take the breakaway shot (in less than 3 minutes after his first goal) and score to complete his "Hat Trick", assisted by Jake Ferguson. Great job, Steven! In the waning minutes of the period, two more players would join in the onslaught to score. The first was Tyler Sherwood and the second was Caleb Chaloner – both assisted by Maxwell Mudge. Although the Badgers battled hard, they couldn't generate enough offense to keep pace with the Tornadoes and fell further behind on the scoreboard. As a result, the Tornadoes would end the period with a 7-0 lead. Outstanding performance, boys!

**Period 3** - The final period opened the same way the previous two had played – with both teams fighting hard for the puck. However, the Tornadoes got the upper-hand in this battle and kept the puck in Badgers' zone for most of the period by continuing to pass the puck and cycle around their net. Because of this and their unyielding offensive attack, the Tornadoes were just too much and overpowered the Badgers. As a final blow, the Tornadoes took the opportunity to extend the lead even more when Michael Geddes netted one to complete his own "Hat Trick" with an unassisted shot past SJHA goalie Elias Ginder for the his 3rd goal of the night! WOW! And what a way to showcase their skills and end the game with their relentless attack on the Badgers through all 3 periods - preventing them from even getting on the scoreboard as the period closed, earning the Tornadoes their first shut-out victory!

**Summary** - As the dreary Seattle clouds parted, the Tornadoes were happy to ride Cloud 9 once again, as they came away flying high with their first shut-out win defeating the Badgers by a final score of 8 to 0. Kent goalie C.J. Hundal defended the pipes to post his first shut-out of the season, turning away all of Seattle Junior's 2 shots on goal. Nice work, C.J.! Hopefully their next game against the Everett Kodiaks at XFINITY Arena in Everett, will keep them on this great path of success and remarkable teamwork! Good luck, Tornadoes!

## Quote of the Day!

### **The True Meaning of Winning the Cup:**

*"Raising Stanley didn't really have a concrete meaning at the time I won it because it was so surreal. I was only 23 when we won our first Cup, and it was almost like I was in a make-believe world at the time. As a kid it was something I had always dreamed of, though. Always! The strongest and most memorable emotion that I had when we won it was love. The love I felt for my teammates at that moment was almost overpowering. I wanted to stay together with them forever and ever; I never wanted that moment to end. I can't explain it. It was amazing."*
